

Be a Santa Helper to a Teenager!

The Blackford NAC is once again working with SNI and the Family Giving Tree in making sure that some special children will receive a gift.

Because of the down turn in the economy, teenagers are not eligible to be included on the Family Giving Tree's wish list for a gift.

Therefore, we are looking for Santa Helpers that are willing to provide a gift to a teenager in the spirit of Christmas - the Holidays.

You might have already seen the Gift Wish Tree that is presently located at the West San José Community Center.

That tree is full of wish cards from teenagers.

All you have to do is:

Contact Donna Stewart @ donnalyn12@aol.com or phone @650-450-6955 to select a teenager and his/her wish.

Provide a gift for your adopted holiday teenager.

Deliver the gift to the West San José Community Center and prior to December 1st.

You can make a difference in someone's life!
